The Mid-South Tribune Endorses Ron Eller, former platoon sergeant with military and patriot cred to Make America Great Again!

Caution: There is a core of black rot elitist intellectualism which is lazy and has produced nothing but chaos, confusion, and crap just like its white liberal counterpart in the Democratic Party.

It is sad to say that Cong. Bennie Thompson is part of this core of black elitist rot which resides exclusively in the Democratic Party and which has been growing post-1964 Civil Rights Bill.

constituents. Even the Good Book says, "The rich man's wealth is his strong city; the destruction of the poor is their poverty."

of Mississippi regardless of the race, color, or creed of those constituents. We like to think of Eller as a genius with common sense. We like to think that Mississippians do not care for men playing in women's sports, women's personal products being put in men's and boys' bathrooms as practiced by Kamala Harris' VP Tim Walz when he was an assistant coach, WOKE, nuking the nuclear family, Defund the Police, sex change surgeries for children without their parents' consent or knowledge, smash and grab thugs, children being taught that math is racism, Black children being dummed down to fit an agenda of CRT (Critical Race Theory) where the Black child is taught that he or she will always be oppressed by the White child instead of being taught to read and write, allowing illegal migrants and other non-citizens being given the right to VOTE under the guise of recent false Black suppression voting rights bills.

posed to be non-partisan is down with this WOKE, CRT, DEI and a socialist Marxist ideology which is anti-Christian. It is sad that Black churches will not speak out because they are not the Black churches of the Civil Rights Movement which led from "the front and not from behind." Too many of these Black ministers have gone along with a Democratic Party which has gone back to its roots of slavery. Over 325,000 children who crossed the borders inside the illegal migrant movement are missing. We have written about this and believe as Bob Unanue, CEO of Goya, a Hispanic grocery chain, that these 325,000 children have been sold into slavery by the cartels which have been given essentially a carte blanche by Attorney General Merrick Garland who is the 21st Century Bull Connor. Unanue was brave enough to point out the slavery agenda on the Fox and Friends morning show. Good for him and others of us who believe slavery in back in the form of human and sex trafficking. These children and other victims are being sold. We are humbly asking for Black ministers of the Mississippi Delta region to look beyond Eller's race just as Dr. Martin Luther King, Jr. preached. We are

U.S. Sen. Bill Hagerty applauds passage of Forgotten Heroes of the Holocaust Congressional Gold Medal Act

WASHINGTON—United States Senators Bill Hagerty (R-TN) and Tim Kaine (D-VA) applauded Senate passage of their Forgotten Heroes of the Holocaust Congressional Gold Medal Act (S. 91), a bill to honor 60 World War II-era diplomats from the United States and around the world who risked their careers and, in many instances, their lives to save others during the Holocaust.

The Hagerty-Kaine legislation would posthumously award a Congressional Gold Medal collectively to these diplomats who took heroic actions to save Jews fleeing Nazi Germany, including issuing passports and travel visas and setting up safehouses and getaways to hide Jews from Nazi authorities. A version of this legislation led by Representatives Maria Elvira Salazar (R-FL-27) and Ritchie Torres (D-NY-15) passed the House of Representa-

tives on June 11, 2024. "As U.S. Senator and former U.S. Ambassador to Japan, I applaud Senate passage of this bipartisan legislation to posthumously honor U.S. and foreign diplomats who risked their lives and careers to assist Jews who were fleeing Nazi tyranny during the Holocaust," said Senator Hagerty. "During a time of unimaginable darkness in the world, these diplomats went above their official obligations

and beyond the call of duty to save the lives of so many. Current and future generations of diplomats—and everyone else who hears their stories—can look to these men and women of courage and be inspired by their lives of heroism and sacrifice." "These courageous diplomats from nations across the world took initiative and serious risks to save Jews in Nazi-occupied Europe. The Congressional Gold Medal is a small overdue gesture

to honor righteous deeds in the most difficult times," said Senator Kaine. "As living memory of the Holocaust fades with the passing of 80 years, it will soon be up to us to remember humanity's capacity for evil alongside our capacity for empathy and courage. Senator Hagerty and I aren't Jewish, but we led this legislation because the duty of remembrance isn't on the Jewish community alone; it is on all of us."

NASGW president Gleason elected to SAF Board

BELLEVUE, WA — Kenyon Gleason, president and secretary of the National Association of Sporting Goods Wholesalers (NASGW), has been elected to the Second Amendment Foundation (SAF) Board of Trustees. "SAF's work in the Second Amendment space is second to none, and I am honored to now be an integral part of the organization," Gleason said. "NASGW came on board as a SAF corporate partner earlier this year, and it's a privilege to now be able to

donate my time and lend my expertise to help guide the organization as they continue to fight for our constitutional rights across the country." Prior to taking over at NASGW, Gleason was the vice president of development and field operations for the American Road and Transportation Builders Association in Washington, D.C., focused on U.S. transportation related issues, legislation and advocacy. He also has more than 30 years of media, communications,

marketing, public and government relations experience in a variety of industries including healthcare, education, transportation, agriculture and the shooting sports. "We are truly fortunate to have Kenyon join the SAF Board of Trustees," said SAF Executive Director Adam Kraut. "For the past 50 years SAF has fought to defend, secure and restore our right to keep and bear arms in courtrooms across the nation — including the U.S. Supreme

Court. As we move into 2025 and beyond, Kenyon's expertise and dedication to safeguarding the Second Amendment will be a great asset." "Kenyon will be a great addition to the SAF board," said SAF founder and Executive Vice President Alan M. Gottlieb. "His vast experience across all facets of the industry will be welcomed as we continue to fight those who wish to trample our civil liberties." For more information, visit
