The Mid-South Tribune Endorses Military Man Ron Eller for Mississippi Congressman ... from sports-Military page 2

humbly asking Black ministers to research what today's Democratic Party stands for.

Cong. Bennie Thompson continues to be silent on these issues. Ron Eller speaks out. Yet, he has not been fully afforded an "equal opportunity" to make his case in Black churches in an area where Mound Bayou, a historic all-black town, was founded in 1887 by former slaves. Some years back we traveled to Mound Bayou and did a special edition on it. Mississippi's Black population was Republican post-Civil War as it was in most southern states until the mid-1960s. In fact, Mary Booze, a resident of Mound Bayou, sat on the Republican National Committee from 1924 to 1948. Ms. Booze died in 1948 still as a member of the Republican National Committee.

Now Mississippi like America itself is at a crossroads that to survive it must make choices regardless of color. We urge Black ministers to invite Eller to speak in their churches, just as they have invited Democratic candidates to speak. They must not make their 501c3 status the Golden Calf

this country and his community seems infinite. Eller has served as a Platoon Sergeant and a medical officer—a combination of both discipline and compassion. Stanford Johnson, who is the former Republican candidate for this same Congressional Second District, is a Black man who has gone beyond color to endorse Eller. Johnson stated: "To my fellow Mississippians of the 2nd district as a former candidate for the GOP Congressional Nomination I would like to ask you to give your support to Ron Eller for Congress. I am officially giving my endorsement to Ron Eller. Let's make a change for the positive to save Mississippi."

He is a cardiac and thoracic surgeon, which means there is no DEI here. Eller, an entrepreneur, started his Business Warrior Enterprises back in 2013. He is a father and husband for over 40 years to childhood sweetheart Dorie. They have two sons.

Ron Eller is the type of patriot we need and want at this crossroads in America's history because he knows as well as we and others who 'get it' that Mississippi is slated to be a sanctuary state where non-citizens are being allowed to vote right under the 'noses' of a Democratic elitism which is now operating in practically every state in the USA. Illegals are now being given free phones, free debit cards, free rent, free EBT cards,

free clothes as payment now and in the future to vote Democrat. We must not let this happen. We pointed out this illegal voting at the beginning of the Biden-Harris administration when we broke down the nearly 800 pages of H.R.1 known as "The People Act of 2019" which Democrats tried desperately pass after the 2020 election under the guise that it would alleviate Black voting suppression. This was a lie. H.R.1 had the blessing of Bennie Thompson and the Congressional Black Caucus (CBC). To reiterate, we broke down what this bill was really about: 1) an avenue for the illegal migrant (non-citizen) to vote in droves; 2) for elections to be federalized from Washington, D.C., where elitist socialist technocrats would be in charge of ballot boxes (or rather voting software); 3) where illegal migrants and non-citizens would be given driver licenses - even at age 16; and 4) to put in place tools where even grade school children of illegal migrants and non-citizens would be in place to vote immediately once they turn 18 without showing any form of ID to prove citizenship. This is no time to put 'color' over common sense.

For years now, the Democratic Party has effectively preempted the Black male and the Black female voter to effectively groom the Black female to take his place to advance socialism-Marxism to even take him out of the family. The Democratic Party is bringing out its super star, Barack Obama to whip Black men into place. We covered that historic Democratic Convention which nominated Obama. We endorsed Obama that first time; we did NOT the second time, because later we saw clearly Obama is a socialist for everyone else and a capitalist

for himself. We even saw how he treated the Congressional Black Caucus after he won. Obama was meeting with everyone else and every other caucus, except the Congressional Black Caucus which was begging to meet with him. Finally when he did, he chastised them before the whole world when he stated before cameras: "What are you whining about?" treating them as if they were children. Pretty much like he recently did when he chose to take Black male voters to the woodshed to make them fall in line to support an alleged Black woman who is a trojan horse for socialism and Marxism.

The Congressional Black Caucus has gladly let itself be part of this derangement to castrate the Black male voter. Thompson has gladly let himself be part of this.

Now that Black males are leaving the Democrat Party before the November 5th Election, the Democratic Party and the CBC are begging for their return. We urge Black men to return to that Hood called Man. Not the Democratic Party which has Willie Lynched them to death.

Thompson served as the chairman of the January 6 farce trials where now it is being discovered that vital files and video tapes have been deleted under this chairmanship. Thompson is old enough to know that in one too many cases FBI rogue agents have infiltrated Civil Rights marches and events. We believe what happened on January 6 is yet another infiltration of federal disrupters where the FBI is no longer the Federal Bureau of Investigation but rather the Federal Bureau of Instigators, led by Merrick Garland. After all, two FBI agents who were lovers de-

clared before President Trump took office that they would stop him. Their vitriol confirmed is on text messages and was part of a congressional hearing. Yes, there are good decent FBI agents but they cannot always stop the bad ones no more than good police officers cannot always stop the bad ones.

Thompson is a founding member of the Progressive Caucus which continues to use the Black community as fertilizer to grow socialism. Even Cong. James Clyburn, a senior member of the CBC, has emphatically stated that the United States of America must be completely "deconstructed" to bring in socialism. The CBC supports BLM (Black Lives Matter) which George Soros' Open Society supports with funding because BLM was founded by two self-avowed Marxist lesbians who advocate that the Black family with a mother and father must be destroyed. This organization hates masculinity and black masculinity. This fits well into Soros' agenda. (These two founders used millions to buy themselves mansions and pay their cronies exorbitant salaries while leaving local BLM chapters broke. Local BLM chapters are now suing the main BLM organization).

Now that Black males are leaving the Democrat Party before the November 5th Election, the Democratic Party and the CBC are begging for their return. We urge Black men to return to that

Hood called Man. Not the Democratic Party which has Willie Lynched them to death.

Yes, we know Eller is White. He can no more change than Thompson can change from being Black. But in this 21st, it is not about the color but the culture, and America has a culture of FREEDOM! It is the culture of freedom which forced this nation to live up to the 13th, 14th, and 15th Amendments and the Emancipation Proclamation inked by President Abraham Lincoln and the Republican Party, lest we forget.

George Soros, who funds many in the CBC, BLM, other Black groups, Black district attorneys and judges, stated in Germany's BLD publication: "I'm going to bring down the United States by funding black hate groups. We'll put them in a mental trap and make them blame white people. The black community is the easiest to manipulate."

Sad to say Soros told the truth, but does it have to stay the truth? As Dr. Martin Luther King Jr. said, it is about character. Ron Eller has the character. Mississippians in this predominant Black Congressional Second district must have the guts to make a change, to keep non-citizens from voting, and to keep Mississippi as a non-Sanctuary state. We implore you.

We humbly urge Black ministers to offer Ron Eller the "equal opportunity" to bring his message to the pulpit with the same respect as Democratic candidates are allowed.

We endorse Ron Eller for Congress. We say, "Send a message. Vote Republican! Vote Ron Eller!"
