Ron Eller vs. Bennie Thompson in the ‘Sanctuary’ State of Mississippi

By Ms. Arelya J. Mitchell, Publisher/Editor-in-Chief

The Mid-South Tribune

Mississippi is fast becoming a Sanctuary State—not city. State. Let that sink in. Memphis, Tennessee known as the Capital of the Mid-South is another target of multi-billionaire George Soros and the Democratic Party socialist elites in their rabid quest to transform the United States into a socialist nation which they control.

Mississippi and Memphis. Keep these two areas in mind, because they are the blueprint to Soros’ and the Democratic Party’s plan to use lawfare in the same manner it was used to legalize segregation (Jim Crow) after the Civil War. It is the same blueprint on how they used lawfare to violate the 13th, 14th, and 15th Amendments while thrashing the Emancipation Proclamation. But instead of using the word “blue-print”, I shall use the term “black-print” because Soros and the Democrats are advancing with the speed of light their socialist agenda by seeking out and capturing every state with a high Black American citizen percentage to pull off the biggest and most historic coup to take down the United States into socialism and ultimately Marxism where you will own nothing and be nothing, based

on their premise that you are already expendable. They are being aided and abetted by the Congressional Black Caucus (CBC) of which Mississippi's Congressman Bennie Thompson is a high-profile member who wheels formidable power which he seeks to maintain and multiply in his bid to be re-elected.

Our unapologetic accusation of a coup d'état dovetails with the Media Research Center's (MRC) recently published special report entitled "How the Soros Machine Directs & Controls Prosecutors Across America to Implement His Leftist Agenda," a study written by and conducted by Tim Kilcullen, Joseph Vazquez, Tom Olohan, and Dan Schneider.

Soros has already positioned his prosecutors (*aka* district attorneys) in the following Mississippi counties of Hinds, Lowndes, Oktibbeha, and Clay. In Tennessee, his Soros-Democratic Party prosecutors are in Shelby County (Memphis) and Davidson County (Nashville). Soros also has his share of judges and law firms in place to ensure his victory in destroying America's socio-economic foundation based on the U.S. Constitution and sovereignty. Soros, one of the richest men in the world (yes, 'world'), is a greedy idealistic economist who advocates for his Open Society which teaches that nations should NOT have borders. In other words, he does not believe in sovereignty. I have stated that even a dog marks his territory; thus, the nature of sovereignty. Soros violates this nature which has been in place since God Almighty marked off Paradise from Satan. Soros, surprisingly as a Jew, has stated that he is an atheist and believes that God was created by man and not the other way around. This is why he also takes aim at the black church as part of his black-print, knowing an ample number of black ministers worship the Golden Donkey (Democratic Party) to keep their 501c in place. For example, the Rev. Raphael Warnock, who is now a U.S. Senator and pastors Dr. Martin Luther King, Jr.'s historic Ebenezer Baptist Church in Atlanta, is an avowed socialist. He confirmed this when he was running for office.

I was interested in the MRC study as both a political scientist and a journalist because Mississippians and Memphians should understand that today's Democratic Party is not what they think of it after the Civil Rights Movement of the 1960's. It has betrayed Blacks and is using Blacks as the same tool it did to perpetuate the Civil War of the 1860's to hold onto black slavery—to divide and conquer.

In 2024--in the 21st Century--the Democratic Party is anti-America; it is George Soros-soaked and bought. It fits in George Soros' theory on reflexivity. Cong. Bennie Thompson and the Congressional Black Caucus (CBC) and yes, even most state Democratic Black Caucuses are entrenched in this movement to advance socialism and Marxism before the November 5th Election. Too many of them are Soros-bought, backed and corrupted.

We discovered in his own words from a 2014 interview in Germany's BLD publication why Soros has laid out his master black-print. He stated: "I'm going to bring down the United States by funding black hate groups. We'll put them in a mental trap and make them blame white people. The black community is the easiest to manipulate."

This also explains why Soros has funded Black Lives Matter (BLM) which is an avowed Marxist organization. We researched BLM several years ago and managed to get what they stood for before they scrubbed their website where they stated outright that they were proud trained Marxists. We, in fact, published their goals of eliminating the black family, Black males, and all males calling these aims as their goal to turn America into a socialist-Marxist nation under the guise of anti-racism. Indeed, we were lucky to have documented BLM's philosophy before the Big Scrub. These BLM anti-male founders now live in

luxurious mansions, eat ambrosia, and sip wine. They have expensive cars and can fly first class anywhere they want. To us they epitomize prototypes of African socialist dictators who use the word “democracy” to get into office to remain their forever. Benny Thompson has become that prototype in a 21st Century America. In a 21st Century Mississippi.

Also, the Democratic Party has betrayed its White constituents by introducing and passing legislation to pit white against black and vice versa to advance socialism and Marxism by any means necessary. The last time we looked, a loaf of bread costs the same for both Black and White customers.

To reiterate, Mississippi by all accounts is becoming a Sanctuary State without residents fully being aware of it. As we stated, that Sanctuary State status is built on George Soros’ “black-print” of Black citizen voters. But it gets deadlier, because Soros, the Democratic Party, and the Congressional Black Caucus are bringing in illegal migrants who will have the right to VOTE without ever being citizens. Cong. Thompson and the Democratic Party have put in place mechanisms to supply illegals driver’s licenses, Medicaid and Medicare benefits, Social Security benefits, free rent, food stamps, mortgage help, and other benefits set aside for American citizens. They will even qualify to get enormous downpayments to purchase homes. All this activity is to “buy” their fake votes and loyalty to the rogue Democratic Party while displacing Black, White and Brown American citizens. This has and is already happening in Sanctuary States and cities such as New York, Los Angeles, and Chicago. Heed our words. Millions and millions of dollars are being spent to bring in illegal migrants based on Soros’ Open Society tyranny. Check with Chicago Red, an organization Blacks founded to support President Donald Trump not because they are in love with Trump one way or another, but because Chicago’s Black self-avowed socialist Mayor Brandon Johnson, a member of the Democratic Party, has brought in thousands of illegal migrants (emphasis on ‘non-citizen,’ specifically ‘Black’ and ‘Brown’ non-citizens) to push Black Chicagoans out along with White Chicagoans. As his bonus, military veterans are being pushed out as well. Check this out. Research. Many of you have Chicago relatives or friends. Call them. Do not rely on legacy media. Get your information and confirmations from those who actually live in Chicago urban areas. Furthermore, get your information from Hispanics, Cubans, and other refugees who went through the channels to become American Citizens. Let them tell you upfront how they woke up and found out their freedom, their land, their homes, their jobs, their dreams had been yanked from them and how they had to literally run for their lives.

It is for these reasons, we have endorsed Ron Eller over Cong. Bennie Thompson who has betrayed his own people, his fellow Mississippians, his fellow Mid-Southerners, and his fellow Americans. For 30 years, Mississippi has been one of our sister states that we have an obligation to report what we have researched and have seen what is happening in our other southern sister states. We take that obligation seriously, and we take our vow to replace Cong. Thompson with a candidate of common sense seriously. If we are wrong, then Mississippians will at least have the opportunity to vote him out, but maybe not if Mississippi becomes a Sanctuary State.

Mississippi is now embattled in redistricting controversy. It is not that we are arguing that redistricting is a bad thing if it accommodates its citizenry. But there may very well be a bigger and more ominous push for redistricting, and it has little to do with citizens but more to do with illegal migrants obtaining voting privileges, and Thompson expanding his power base and that of what is now the Democratic ‘Socialist’ Party.

We reiterate: Eller is to be commended for his common sense, just as Stanford Johnson, an African American Republican candidate who ran for this same office, is to be commended for manning up to endorse Eller. Black and White. They want to save the Magnolia State.

This war to fight for our nation is not about anything as fickle as skin color because we all bleed red. It is about keeping America a land of opportunity and freedom! Just as the Black historic Buffalo Soldier, Tuskegee Airmen, WWII Black soldiers, and other soldiers fought for their home called America. In spite of being an imperfect union, we must again FIGHT TOGETHER as Americans. Because, at the end of the day, America is still HOME! America is for our children, our future, our hopes, our dreams.

Vote RON ELLER. Vote common-sense. Vote America. Vote FREEDOM! Free at last! Free at Last!
Thank God Almighty WE WANT TO STAY FREE AT LAST! VOTE, VOTE, VOTE and VOTE EARLY!

End
